

**Refresh Riverside! A Community Climate Fair** is a fun and enlightening day of activities for the greater Riverside, California, community. Scheduled for Saturday, Nov. 12, the event focuses on things that ordinary people can do to encourage sustainability and to learn about climate-change science.

Along with free activities, games, and food, fair-goers will visit expo and vendor booths where they can learn about the many ways they can live a more sustainable lifestyle and save money too. The fair is sponsored in part by NASA, the University of California, Riverside, and the Riverside Unified School District.
