

STAR

STEM Teacher and Researcher

2012 Summer Research Opportunity for Future Teachers

Are you planning to be a STEM (science, technology, engineering or mathematics) teacher?
Be a part of STAR and spend your summer doing research at a leading laboratory!

Learn more at:
<http://STARteacherResearcher.org>

**SUMMER 2012
PROGRAM DATES:**
June 11th-August 11th

- ★ Conduct research with top scientists at Department of Energy, NASA, NOAA and other partner labs!
- ★ Learn more about teaching and career development!
- ★ Become part of a network of teacher-researchers!
- ★ Get paid \$500/week!

STAR Fellows at the National Renewable Energy Lab (top left), NASA Ames Researcher Center (top right) and the Romberg Tiburon Center (bottom).

**Application Deadline:
January 31st, 2012**
