8:00-8:30 HUB 355
Breakfast and Welcome

8:30-10:00 - HUB 367

Panel I: Oh Canada! and Globalization

Kevin Sitz "Transnational Networks and The Fenian
Invasions of Canada"

Melissa Templeton "Pas-de-Deux: Racism and
Multiculturalism on the Montreal Stage"

Patrick Emmett "Ethical Self-Examination as a Tactical
Response to Globalization."

10:00-11:00 HUB 367

Panel II: Plants and Plant Waste

Kayla Kaiser "Plant responses to abiotic stress"

Sudeep C. Popat "Anaerobic Biotrickling Filter for
Trichloroethylene Removal"

11:00-12:00 HUB 367

Panel III: Language: Formation to the Formal

Rachel Miller "Shadowing shadows: The carryover of
idiolect from one talker to another"

Anthony Cristofani "The Space/Time of Prison Literature"

12:00-1:00 HUB 355

Lunch and poster presentations

Posters HUB 355

Hayri Engin Akin "Programmed DNA Assembly and Novel
Device Architectures"

Steven Chen "Overall Enhancement in the Capabilities of
Magnetic Force Microscopy Nanoprobes"

Robert Fernandez "FePt Media for Heat Assisted Magnetic
Recording"

Jeongmin Hong "Overview of room-temperature magnetic
semiconductor"

Bing Hu "Study of Co/Pd Multilayers as a Candidate Material
for Perpendicular Magnetic Recording Media"

Matt Hudgins "Scanning Probe Microscopy Analysis of
Electrostatically Deposited poly-(diallyldimethylammonium-
chloride) Monolayers for Protein Based Memory"

Beomseop Lee "Study for next generation magnetic storage"

Yingdi Liu "Measurements of Peroxy Radicals Using
Chemical Amplification-Cavity Ringdown Spectroscopy"

Yuan Tian "Considerations and Design of a Novel Testing
System to Analyze Multilevel Magnetic Recording"

1:00-2:30 HUB 367

Panel IV: Sparks: Evolution and Electricity

Jennifer Wright "Transposable elements: A look at survival
of the fittest at the genomic level"

Javed Khan, Shermin Arab, Craig Nolen "Power
Improvement in Wireless Sensor Networks Using
Rechargeable Power Source in Sensor Nodes"

Crystal G. Pontrello "The Regulation of Dendritic Spines by
Cofilin"

2:30-3:00 HUB 355

Snack and Closing Remarks
