Verification letter guidelines

The GSA is not the NSF and we do not require a "standard" recommendation letter. However, we do require that a senior UCR faculty member (thesis/dissertation advisor, faculty advisor, department graduate advisor or department chair) verify the following information in writing:

- That the applicant is a UCR graduate student in good standing.
- That attending the event is beneficial to the applicant's professional development.
- In the case of presenters, that the research to be presented was conducted at UCR.
- Whether or not the applicant has other sources of funding and, if so, how much money the applicant can be expected to receive from those sources.
