

# Renacimiento Project Christmas 2009

## Project Christmas 2008

We collected approximately 120 toys, which were donated to the community center. It was a day of fun events including arts and crafts, reading, and a turkey dinner for the families of the community. This was the only Christmas celebration for many of the families in the community.

Your generous donations will help us continue providing this festive event to the children of the Renacimiento Community Center. Toy drop boxes in 2<sup>nd</sup> year trailer, MSP, GSA office, and in front of Stats B601. Thank you.

## Background Information

The Renacimiento Center is located in Pomona, California, an area known for chronic gang and drug activity. In this underserved and socioeconomically challenged community, there are many at-risk youth who lack numerous resources and opportunities.
