

Keepin' it Real and Stayin' Safe in a Hook Up Culture

with UCR Sociology Professor

Dr. Scott Brooks

UCR Sociology professor, Dr. Scott Brooks, has done extensive research on today's relationships and the current "hook up" culture . . . why it happens, how it happens and what happens next. With spring break just around the corner, come find out how this research and information can equip you with the knowledge to keep you informed and safe through your spring break adventures and beyond.

This program is part of UCR's Safe Spring Break campaign.
