

BASF Technical Expert Seminar

Considering the PhD LDP rotational program but want to know more about what BASF does? Come listen to our Technical Expert Seminar with [Chris Paterson](#) and [Dr. Amanda Logue](#).

Amanda Logue, Ph.D.

Location: San Diego, California

Specialty: Enzyme Engineering

Amanda has worked at BASF for 8 years with her journey starting in the PhD LDP. She currently focuses on the engineering of enzymes for industrial biotechnology applications.

Chris Paterson

Location: Alberta, Canada

Specialty: Digital Farming Solutions

Chris has worked at BASF for 3 years and has been in the agriculture business for more than 15 years. His focus is on developing digital solutions in farming to increase customer satisfaction and help drive sustainable solutions.

Join us on **Friday, August 20th, 2021 at 2PM EDT** to learn more about some of the exciting work being done at BASF.
