

PhD Leadership Development Program (LDP) Information Session

The PhD LDP is a competitive, 2-year rotational program that develops **high potential PhDs** into future leaders within BASF.

LDPs complete three **8-month rotations** (or one 3-month summer internship) across BASF sites, industries, and job functions.

The value of the LDP:

- ❖ Build your unique resume and brand
- ❖ Establish an expansive professional network
- ❖ Discover new opportunities within industry
- ❖ Develop your leadership skills

Interested in learning more?

Join us on **August 17th, 2 PM EDT** to learn about the program from our current LDPs.
