Performance by Ruby Clouds

Ruby Clouds is a sibling duo led by Claudia García, founder of the Harvard Mariachi. Her original music in English and Spanish reflects her experience growing up on both sides of the border and invites the listener to dream along. Their song “Un día de estos” is featured in the award-winning film “La Leyenda Negra” which premiered at Sundance. In May 2022, Claudia was featured in Harvard Magazine. Claudia's song "Poder" earned her a Songwriting Award at the 28th Annual Mariachi Extravaganza. In 2023 Ruby Clouds songs were included in the 4th season of the Undocumented Tales series.
