

UC RIVERSIDE | School of Medicine Center for Molecular and Translational Medicine (MOLMED)

MolMed Mini Symposium Agenda

Thursday, May 12, 2022

2:00pm - 5:00pm

Multidisciplinary Research Building, Seminar Room (1st Floor)

Moderated by Maurizio Pellecchia, Ph.D.

- 2:00pm** Welcome and Introduction
Rodolfo Torres, VC RED
- 2:05pm** Splice Modulation of Prolactin Receptor mRNA to Treat Cancers
Ameae Walker, Ph.D. - UCR
- 2:20pm** An Aptameric Inhibitor of DNA Methyltransferase I (DNMT1) and Its Capability in Cell Entry
Wenwan Zhong, Ph.D. - UCR
- 2:35pm** Novel Strategies for Challenging Drug Targets: Lys-covalent Inhibitors and Protein Degradors
Maurizio Pellecchia, Ph.D. - UCR
- 2:50pm** Immuno-oncology Targets Suited for Small Molecule Approaches
Michael Pirrung, Ph.D. - UCR
- 3:05pm** Target Human Ubl Pathways as a Novel Strategy for Anti-viruses and Anti-cancers with KRAS Mutations
Jiayu Liao, Ph.D. - UCR
- 3:20pm** Keynote Presentation: Open Innovation Activities at Ono Pharmaceuticals - "Interest for Collaboration with Academia"
Ono Pharma USA, Inc.
- 4:20pm** MRB Incubator Tour & Mini Reception
David Pearson, Ph.D. - UCR
- 5:00pm** Adjourn
