

## MolMed Mini Symposium Agenda

Thursday, May 12, 2022 2:00pm - 5:00pm

Multidisciplinary Research Building, Seminar Room (1st Floor)

Moderated by Maurizio Pellecchia, Ph.D.

**2:00pm** Welcome and Introduction

Rodolfo Torres, VC RED

**2:05pm** Splice Modulation of Prolactin Receptor mRNA to Treat Cancers

Ameae Walker, Ph.D. - UCR

**2:20pm** An Aptameric Inhibitor of DNA Methylthransferase I (DNMT1)

and Its Capability in Cell Entry Wenwan Zhong, Ph.D. - UCR

**2:35pm** Novel Strategies for Challenging Drug Targets: Lys-covalent Inhibitors

and Protein Degraders

Maurizio Pellecchia, Ph.D. - UCR

**2:50pm** Immuno-oncology Targets Suited for Small Molecule Approaches

Michael Pirrung, Ph.D. - UCR

3:05pm Target Human Ubl Pathways as a Novel Strategy for Anti-viruses and Anti-

cancers with KRAS Mutations

**Jiayu Liao**, Ph.D. - UCR

**3:20pm** Keynote Presentation: Open Innovation Activities at Ono

Pharmaceuticals - "Interest for Collaboration with Academia"

Ono Pharma USA, Inc.

4:20pm MRB Incubator Tour & Mini Reception

David Pearson, Ph.D. - UCR

5:00pm Adjourn UC RIVERSIDE
