BPS ORACLE WORKSHOP

Join us for an Oracle Procurement walkthrough!

We will be discussing catalog orders, non-catalog orders, category names (account codes), new required fields, approval routings (sub-requestors), Oracle worklists, and unauthorized purchases.

There will also be opportunities for live demonstrations and a Q&A.

For those unable to attend we will be recording the meeting and scheduling a second date in August depending on user feedback.

DATE
WEDNESDAY, JULY 26
