CHANCELLORS
LAWRENCE BERKELEY NATIONAL LABORATORY DIRECTOR WITHERELL
VICE PRESIDENT HUMISTON

Dear Colleagues:

As discussed in past COC meetings, attached is guidance for the campuses to conduct an inventory of international collaborations with countries of concern. UC Legal (UCL), Ethics, Compliance and Audit Services (ECAS), and Research Policy Analysis and Coordination (RPAC) collaborated in the development of the attached guidance for the second element of the new enhanced review framework for UC international engagements: "Inventory of International Collaborations with Countries of Concern."

The attached includes the following:

- 1) Inventory of International Collaborations submission template campuses will complete and submit to UCOP within 90 days of the issuance of this guidance.
- 2) Inventory of International Collaborations guidance outlining questions and resources for completing the inventory and submitting to UCOP.

Campuses only need to submit one inventory within the 90-day period. UCOP may request additional information on particular engagements as needed. New or pending international collaborations or engagements must be considered under the first guidance for the new enhanced framework for international engagements issued November 22, 2023.

ECAS and RPAC will also be sharing this information with campus counterparts. Please direct questions related to the guidance or the inventory to ECAS at: researchsecurity@ucop.edu.

Sincerely,

Michael V. Drake, MD
President
