

Marco Gebiola, PhD

Personal information

Date of birth: 25 December 1980

Place of birth: Naples, Italy

Email: marco.gebiola@gmail.com

ORCID: 0000-0002-4644-2934

Languages: Italian, English, Spanish

Education

- **Ph.D. in Agrobiology and Agrochemistry**, University of Naples Federico II, 1 November 2005 – 5 February 2009.
Major: Entomology.
Dissertation: Morpho-bio-molecular characterization of species of the genus *Pnigalio* Schrank (Hymenoptera: Eulophidae). Advisor: Prof. Gennaro Viggiani.
- **University Degree (5-year program)**. Agricultural Sciences and Technologies, University of Naples Federico II, September 1999 – 22 February 2005.
Major: Entomology.
Master's Thesis: Rearing and cold storage of *Aphidius colemani* Viereck (Hymenoptera: Braconidae), and preliminary tests for the biological control of *Myzus persicae* (Sulzer) (Homoptera: Aphididae) on tobacco. Advisor: Prof. Gennaro Viggiani.

Employment

- **Assistant Project Scientist**: Department of Entomology, University of California, Riverside, May 2019 – present.
- **Assistant Specialist**: Department of Entomology, University of California, Riverside, February 2017 – April 2019.
- **Marie Curie International Outgoing Postdoctoral Fellow**:
 - Italian National Research Council (CNR) – Institute for Sustainable Plant Protection (IPSP), Naples, Italy, September 2015 – 2016.
 - Department of Entomology, University of Arizona, Tucson, AZ, September 2013 – 2015.
- **Research Specialist**: CNR - IPSP, Naples, Italy, April 2011 – 2013.
- **Postdoctoral Associate**: Department of Agricultural Entomology and Zoology, University of Naples Federico II, Italy, April 2009 – March 2011.

Publications

- **Gebiola M**, Le B, Mauck KE. 2022. A reproducible and sensitive method for generating high-quality transcriptomes from single whitefly salivary glands and other low-input tissues. *Insect Science*, in press. <https://doi.org/10.1111/1744-7917.13008>.

Honors and awards

- **2022 Extramural Funding Opportunity Preparation Award (EFOPA).** Research project: “Creating a Circular Economy: Turning Ag and Food Waste into Tools for Sustainable Crop Production”. Principal Investigator: Marco Gebiola. Co-PI Kerry Mauck, Deborah Pagliaccia. USD 24,905. 1 Jan – 31 Dec 2022.
- **Delfino Agricultural Technology Research Initiative. CNAS Agriculture Innovation Seed Funding.** Research project: “BSFROBOREAR: Autonomous Rearing of Black Soldier Fly.” Principal Investigators: Marco Gebiola, Kerry Mauck, Konstantinos Karydis. USD 24,000. 1 July 2021 – 30 June 2022.
- **University of California Office of the President Global Food Initiative.** Research Project: “Toward a circular economy: From Ag and food waste to sustainable food production”. USD 15,000. Principal Investigator: Marco Gebiola.
- **Marie Curie International Outgoing Fellowship:** Contract No: PIOF-GA-2012-327425. Project acronym: SYMBIOCONTROL. Project title: The role of the bacterial symbiont *Cardinium* in shaping the ecology and evolution of an insect parasitoid wasp: fundamental studies and implications for biological control of plant pests. September 2013 –2016. EUR 261,627.60.
- **SYNTHESYS grant:** Hungarian Natural History Museum, Budapest, Hungary. Host: Dr. Sándor Csősz. Contract No. HU-TAF-409.
- **Individual Research Exchange Grant:** CNR – Chinese Academy of Sciences Bilateral Agreement. Host: Dr. Chao-Dong Zhu, Institute of Zoology, CAS, Beijing, China.
- **Best Ph.D. student poster.** XXI Italian Congress of Entomology, Campobasso, Italy, 11-16 June 2007.

Editorial activity

- Editorial Board Member for the journal BMC Ecology & Evolution.
- Editorial Board Member for the journal Insects.
- Subject Editor for the journal Comparative Cytogenetics.
- Co-editor for a special issue on Insects titled “The Borderless “Bug” Characterization of Invasive Insect Species: The First Step for Their Control”.

Peer review activity

Reviewer for:

- Agricultural and Forest Entomology
- BioControl
- Biological Control
- Biological Journal of the Linnean Society
- Biology Letters
- Bulletin of Entomological Research
- Bulletin of Insectology

- Comparative Cytogenetics
- Environmental Entomology
- European Journal of Entomology
- European Journal of Zoology
- Evolution
- Forests
- Frontiers in Microbiology
- Frontiers in Physiology
- Frontiers in Plant Science
- Genes
- Insect Science
- Insects
- International Journal of Molecular Sciences
- Journal of Asia-Pacific Entomology
- Journal of Economic Entomology
- Journal of Insect Science
- Journal of Natural History
- Journal of Pest Science
- Journal of the Kansas Entomological Society
- Microbial Ecology
- Molecular Ecology
- Molecular Ecology Resources
- Pest Management Science

Invited talks

- Of *Encarsia* and *Cardinium*: Tales from the SYMBIOCONTROL project.
UCR Entomology seminar series, Riverside, CA, USA, 2 October 2017.
- From embryos to hybrids: How the symbiont *Cardinium* shapes the ecology and evolution of *Encarsia* parasitoids.
UC Davis Entomology seminar series, Davis, CA, USA, 11 January 2017.
- The role of the symbiont *Cardinium* in shaping the ecology and evolution of *Encarsia*.
Symposium: Evolution and biology of Chalcidoidea, XXV International Congress of Entomology, Orlando, FL, USA, 26 September 2016.
- From embryos to hybrids: The role of the symbiont *Cardinium* in shaping the ecology and evolution of *Encarsia* wasps, parasitoids of whiteflies.
PhD program's seminar series, Department of Zoology, University of Roma Tre, Rome, Italy, 16 June 2016.
- From embryos to hybrids: The role of the symbiont *Cardinium* in shaping the ecology and evolution of *Encarsia* parasitoid wasps.

Entomology seminar series, Department of Entomology, University of Arizona, Tucson, AZ, USA, 28 August 2015.

- The genus *Pnigalio* Schrank (Hymenoptera: Eulophidae): a case study to test the power of Integrative Taxonomy.
Central South University of Forestry and Technology, Changsha, Hunan, China, 23 March 2012.
- The importance of an integrative approach to the systematics of chalcidoid wasps: A case study, the genus *Pnigalio* Schrank (Hymenoptera: Eulophidae).
Institute of Zoology, Chinese Academy of Sciences, Beijing, China, 24 April 2010.
Department of Zoology, Hungarian Natural History Museum, Budapest, Hungary, 9 March 2010.

Oral presentations

- Laboratory hybridization between the green lacewings *Chrysoperla comanche* and *C. rufilabris*, predators of the Asian citrus psyllid: Implications of biological control.
Entomological Society of America 66st Annual Meeting, Vancouver, Canada, 11 November 2018.
- Biological control of the Asian citrus psyllid, *Diaphorina citri* (Hemiptera: Liviidae) in California.
European Congress of Entomology, Naples, Italy, 2 July 2018.
- RADseq reveals low genetic variation among commercially reared *Aphytis melinus*: A cautionary tale for insectaries.
W4185 Meeting, Anza Borrego, 4 October 2017.
- *Cardinium* contribute to speciation in *Encarsia* wasps: a novel mechanism based on cytoplasmic incompatibility and Darwin's corollary
9th International *Wolbachia* meeting, Lamington National Park, Australia, 29 June 2016.
- Effetto dell'incompatibilità citoplasmatica indotta da *Cardinium* nell'isolamento riproduttivo tra specie del complesso *Encarsia pergandiella* (Hymenoptera: Aphelinidae).
XXV Italian Congress of Entomology, Padua, Italy, 21-24 June 2016.
- Speciation in the *Encarsia pergandiella* complex (Hymenoptera: Aphelinidae): effect of *Cardinium*-induced cytoplasmic incompatibility and nuclear incompatibilities.
4th International Entomophagous Insects Conference, Torre del Mar, Spain, 7 Oct 2015.
- Speciation in the *Encarsia pergandiella* complex (Hymenoptera: Aphelinidae): modelling the effect of *Cardinium*-induced cytoplasmic incompatibility and nuclear incompatibilities.
Entomological Society of America Pacific Branch 99th annual meeting, 7 April 2015.
- The role of *Cardinium*-induced cytoplasmic incompatibility and hybrid incompatibilities in the reproductive isolation between two closely related *Encarsia* (Hymenoptera: Aphelinidae) species.
Entomological Society of America 62nd Annual Meeting, Portland, OR, 18 November 2014.
- *Pnigalio soemius* complex: Linking biosystematics and infection by endosymbiotic bacteria.
I Annual Meeting of the PhD network "Insect Science". Firenze, Italy, 16 November 2010.
- Development of an interactive integrative key for the integrative taxonomy of the genus *Pnigalio*.
Entomology seminars, Department of Entomology, University of Naples Federico II, Italy, 21 May 2010.
- Integrative taxonomy: the importance of a multifaceted approach in the biosystematics of Hymenopteran parasitoids. A case study: *Pnigalio soemius* (Hymenoptera: Eulophidae).
1st Botanic and Zoological joined meeting. Biosystematics tools: from morphology to genomics. University of Milan Bicocca, Italy, 5 June 2008.

Curriculum Vitae: Marco Gebiola

- Morpho-bio-molecular characterization of the Italian species of the genus *Pnigalio* (Hymenoptera, Eulophidae), parasitoids of leafminers.
Department of Entomology, University of California, Riverside, CA, USA, 31 January 2007.

Professional meetings attended

- Entomological Society of America 66st Annual Meeting, Vancouver, Canada, 10-14 November 2018.
- European Congress of Entomology, Naples, Italy, 2-6 July 2018.
- W4185 Meeting, Anza Borrego, 4-5 October 2017.
- XXV International Congress of Entomology, Orlando, FL, USA, 25-30 September 2016.
- 9th International *Wolbachia* conference, Lamington National Park, Australia, 28 June-3 July 2016.
- XXV Italian Congress of Entomology, Padua, Italy, 21-24 June 2016.
- 4th International Entomophagous Insects Conference, Torre del Mar, Spain, 4-9 October 2015.
- Entomological Society of America Pacific Branch 99th annual meeting, Coeur d'Alene, ID, USA, 6-9 April 2015.
- Gordon Research Conference on Speciation, Ventura, CA, USA, 15-20 March 2015.
- Entomological Society of America 62nd Annual Meeting, Portland, OR, USA, 16-19 November 2014.
- 8th International Congress of Hymenopterists, Cusco, Peru, 20-25 July 2014.
- 8th International *Wolbachia* conference, Innsbruck, Austria, 6-11 June 2014.
- Entomological Society of America Pacific Branch 98th Annual Meeting, Tucson, AZ, USA, 6-9 April 2014.
- Entomological Society of America 61st Annual Meeting, Austin, TX, USA, 10-13 November 2013.
- Entomological Society of America 59th Annual Meeting, Reno, NV, USA, 13-16 November 2011.
- XXIII Italian Congress of Entomology, Genova, Italy, 13-16 June 2011.
- 1st Annual Meeting of the PhD network "Insect Science". Firenze, Italy, 15-18 November 2010.
- XXII Italian Congress of Entomology, Ancona, Italy, 15-18 June 2009.
- 1st Botanic and Zoological joined meeting. Biosystematics tools: from morphology to genomics. University of Milan "Bicocca", Italy, 4-5 June 2008.
- X European Workshop on Insect parasitoids, Erice, Italy, 17-21 September 2007.

Proceedings of professional meetings

- **Gebiola M**, Gomez-Marco F, Stouthamer R. Effects of host feeding on life traits of *Tamarixia radiata* (Hymenoptera: Eulophidae): Implications for biological control of the Asian Citrus Psyllid.
Entomological Society of America 65th Annual Meeting, Denver, CO, USA, 5-8 November 2017.
- Nugnes F, Gualtieri L, **Gebiola M**, Sasso R, Nappo, AG, Russo E, Bernardo U. Evidence that *Rickettsia* manipulate the reproduction of *Quadrastichus mendeli*, a parasitoid of the *Eucalyptus* invasive pest *Leptocybe invasa* recently recorded in Italy.
4th International Entomophagous Insects Conference, Torre del Mar, Spain, 4-9 Oct 2015.
- Gualtieri L, Sasso R, Russo E, Nugnes F, **Gebiola M**, Bernardo U. The complex of parasitoids associated with the invasive leafminer *Coptodisca lucifluella*: indigenous species and a case of host-tracking.
4th International Entomophagous Insects Conference, Torre del Mar, Spain, 4-9 Oct 2015.
