

SANTA ANA RIVER

Science and Conservation Symposium

SEEKING PRESENTATION PROPOSALS

Presentations

Short presentations that promote a better understanding of ongoing and planned science and conservation activities relevant to the Santa Ana River.

Posters

Posters are highlighted during the networking hour at the end of the first day. These are presented in a 1:1 or small group setting, further promoting engagement and partnership.

Submit interest here

If you're interested in presenting at the Symposium, please fill out this form by Nov. 18:
