

2020 BioBlitz

with SEEDS
and the Center for
Conservation Biology

In this BioBlitz, we will collect information on plants, animals, insects, and fungi in Riverside county. We will use iNaturalist, a phone app that lets you record any species that you find. No prior knowledge of species is necessary—graduate students will identify species.

Time/date:
noon Nov 19 – noon Nov 20

For details, come to the informational meeting on SEEDS and the 2020 BioBlitz.

Time/date:
4 PM Nov 17

If interested,
fill out this form:

<https://forms.gle/DPPXpUVq6N2EBS9>

We will send important information on how to participate in the BioBlitz. Email arose012@ucr.edu for questions.
