

# LHAT ACKNOWLEDGEMENT AND PPE

When joining a laboratory, your supervisor should add you to the Laboratory Hazard Assessment Tool (LHAT) for your lab. An LHAT informs you about the hazards you might encounter while working, and what Personal Protective Equipment (PPE) you should wear in the lab. Acknowledging the LHAT and following the PPE guidance is an important part of staying safe in a research lab.

## Acknowledging an LHAT

1- When you are added to the LHAT, you'll get an email to acknowledge the Assessment. To see an LHAT you are already on, go to [ehs.ucop.edu](https://ehs.ucop.edu) and review the Workspace section.

2- Review the PPE and hazard info, then click "Acknowledge" on the right hand column to acknowledge the LHAT. After acknowledging you will go to "Next Steps" for PPE.

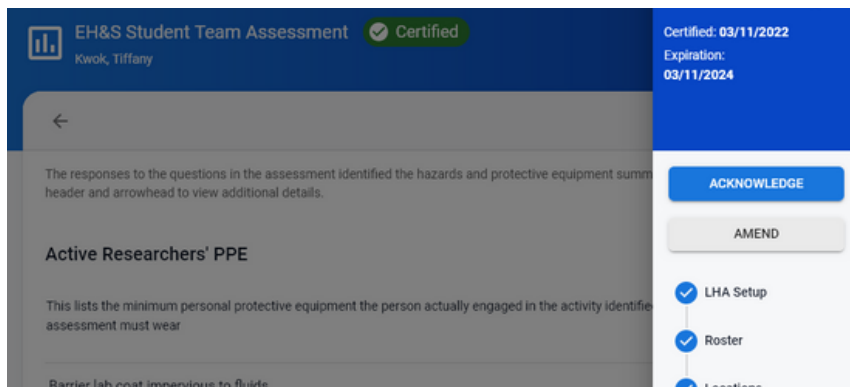

Dear Patrick Monnig,

Tiffany Kwok has listed you as a member on the EH&S Student Team Assessment lab hazard assessment.  
You must do the following:

- Review the information about hazards present in the laboratory
- Review the Identified Personal Protective Equipment (PPE) required for this laboratory
- Acknowledge that you have read the laboratory hazard assessment
- Complete any training required to work in the laboratory

If you have questions or suggestions, please contact your EH&S.

## Getting free PPE

Actions required as the result of your assessment.

Required Training for Laboratory Hazard Assessment (LHAT)

If the course listed below is incomplete, select the course to get started. Once completed, you can act on any additional next steps listed on this page.

PPE Safety Training  
Status: Incomplete 

REQUIRED

- Ensure you have completed the required training (see above).
- Obtain your PPE.

<http://ehs.ucr.edu/laboratory/lhat/index.html>

- Use the PPE identified in this assessment to work safely.
- View my PPE items

[PPE Voucher](#)

On "Next Steps," if your LHAT requires PPE, click the button on the "PPE Safety Training" course to complete. You are now eligible to receive free PPE from EH&S. Follow the steps on our [PPE webpage](#) to book an appointment.

EH&S provides safety glasses, goggles, and an appropriate lab coat for the hazards listed. Other PPE on the LHAT should be provided by your lab. When you are leaving a lab, please return your lab coats to EH&S for recycling.
