# Gain Real World Experience

I have been interning with the U.S. Securities and Exchange Commission for four cohorts in partnership with HACU. During this past year, I have had the pleasure of interning in two offices and under three different mentors. Thanks to HACU I have been a part of meetings, datathons, and projects I would have never had the chance to experience without being at such a great agency. Interning with such an established agency at the start of my career has made me realize that by working hard I am in control of my future and the sky's the limit!
