

## Lab Assistant Position in Bioinformatics

The Department of Entomology at the University of California invites applicants for a full-time position in bioinformatics to conduct research for the Hansen Lab in Riverside, CA. The purpose of this position is to assist with building and running bioinformatics pipelines for the Hansen laboratory. The final candidate will possess specialized skills in genomics and informatics such as coding in a diversity of computer languages and managing large amounts of data. The position also requires the ability to interpret and implement new bioinformatics projects and their analyses in collaboration with the PI and/or other Hansen lab members.

**Requirements:** At the date of application, applicants should possess a baccalaureate degree (or equivalent degree) or equivalent research/job experience in the informatics field. Applicants with any work experience after a Ph.D. will not be considered.

**Preferred qualifications for this position include:** experience with genomic data and coding in multiple computer languages; prior experience working in bioinformatics or informatics; author on papers conducting bioinformatics on genomic datasets; a baccalaureate degree in informatics or a related genomics, evolutionary biology field.

**To apply:** submit a c.v./resume with contact information for 3-4 professional references to [allison.hansen@ucr.edu](mailto:allison.hansen@ucr.edu). If you are an author on publications please send pdfs along with your c.v. Label subject line "Bioinformatics position". Position is available in Fall, 2024.

For more information about this position, please contact Dr. Hansen at [[allison.hansen@ucr.edu](mailto:allison.hansen@ucr.edu)].

UCR is a world-class research university with an exceptionally diverse undergraduate student body. Its mission is explicitly linked to providing routes to educational success for underrepresented and first-generation college students. A commitment to this mission is a preferred qualification.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, age, disability, protected veteran status, or any other characteristic protected by law.
