UC GIS WEEK
Mapathon

November 18-22
Anytime during UC GIS week

Help us put the world's vulnerable people on the map

Join us for a <u>Mapathon</u> to trace buildings and roads from satellite images—no experience necessary—to contribute to the Missing Maps project, which empowers volunteers to map vulnerable areas before disaster strikes, aiding humanitarian efforts.

Contribute anytime during UC GIS Week November 18-22, 2024
Some campuses may offer an in-person event.

No experience or special skills are required!
