

# TEACHING ASSISTANT DEVELOPMENT PROGRAM (TADP): WINTER 2022 WORKSHOPS

Join us for our exciting winter term offerings!

## Back to the Basics: Teaching Modalities for In-person, Hybrid, and Online Instruction

Wednesday, January 12 from 11:00 am - 12:00 PM

Join us this week as we cover different teaching modalities to increase student engagement.

## Managing Effective Discussions in CHASS

Tuesday, January 18 from 1:00-2:00 pm

This workshop will offer several strategies for increasing student participation and community building in discussions.

## Troubleshooting in STEM Classrooms

Tuesday, January 25 from 2:00-3:00 pm

Improve your STEM discussions and laboratories through active problem solving.

## Fair and Fast Grading

Monday, January 31 from 3:00-4:00 pm

Learn about strategies to maximize your grading using fast and equitable practices.

## What Students Want from their Instructors: Student Panel

Tuesday, February 15 from 12:00 - 1:00 pm

Learn about undergraduate student needs in the classroom and how you can support those needs

## Setting Learning Outcomes

Wednesday, February 23 from 2:00 - 3:00 pm

Learn how to maximize student potential with learning outcomes.

## Teaching Demonstrations

Monday, February 28 from 2:00-3:00 pm

Get feedback on your teaching skills from the TADP team. Bring a 10-minute presentation with visual aids/student activities!
