

## Are you a doctoral student in a STEM or social science program?

We are recruiting social science and STEM doctoral students to better understand how they form research interests and how those interests are supported in their departmental context.

Interviews will last no more than 90 minutes. Participants will receive a \$50.00 gift card. To participate, you must be a:

- Doctoral student enrolled in
  - a STEM (e.g., biology, chemistry, engineering, math, physics) Or social science field (e.g., anthropology, sociology, psychology, education/higher education)
    - within a Hispanic Serving Institution

## Interested in participating?

Fill out this interest form and we will contact you with more information about the study and participation.
