

MENTORING BOOTCAMP

for post-doctoral fellows and new
and early-stage investigators

MAY 14 - MAY 23, 2024

T, W, TH 11AM - 1 PM HST

VIA ZOOM

TO REGISTER, CLICK HERE OR SCAN!

Week 1: General skills-building sessions led by experts!

- NIH Grant Structure, Biosketches, Budgets
- Manuscript Writing, Review, and Publishing
- Specific Aims

Week 2: Research-Specific Tracks

Basic	Clinical	Community
Effective Lab Management Communicating Basic and Translational Science	Regulatory Essentials for the Researcher	Exploring NIH Funding Opportunities
Mentor-Mentee Relationships Incorporating Data Science Tools Statistical Do's and Don'ts for Basic Science Researchers	Clinical Protocol Development/Randomization Conducting Clinical Research: Getting Started & Avoiding Pitfalls	Understanding Filipino Substance Use through Community and Service Provider Steaming Funding in Academic- Community Partners and Building Research Capacity
Research Resources and Core Services Grant Mechanisms and Peer Review	Health Policy Basics for Researchers	Advancing CBPR through the MALAMA Study: Lessons Learned Community-Driven Idea and Community-Based Execution

The University of Hawaii's Ola HAWAII NIMHD #U54MD007601 and PIKO IDeA-CTR NIGMS #U54GM138062 are co-sponsoring 20 skill-building sessions led by experts on grant and research development. These sessions are open to all!

Sessions run from May 14 - May 23, 2024 on Tuesday, Wednesday and Thursday via Zoom. 11am-1pm HST; 2-4pm PDT/MST; 3-5pm MDT; 4-6pm CDT; 5-7pm-EDT /AST

Sessions will be recorded.

		Ola HAWAII Mentoring Bootcamp		
		Spring 2024 - Zoom session 11am-1pm		
		Tuesday	Wednesday	Thursday
		Week 1: General Sessions		
All Tracks Zoom Link	date	5/14/2024	5/15/2024	5/16/2024
	discussion leaders & topics	Kathryn Braun, DrPH	Rachel Rivers, PhD	Richard Yanagihara, MD
		Welcome and Structure of a Grant	Budgets & Subcontracts	Specific Aims 3 breakout groups Clinical Leader: Cecilia Shikuma, MD Basic Leader: Richard Yanagihara, MD Community Leader: Kathryn Braun, DrPH
		Richard Yanagihara, MD	Tetine Sentell, PhD	
		NIH Biosketch	Manuscript Writing, Review, and Publishing	
		Week 2: Research-Specific Tracks		
	date	5/21/2024	5/22/2024	5/23/2024
Basic Research Track Zoom Links		Basic Research Track		
	discussion leaders & topics	Michelle Tallquist, PhD	Ben Fogelgren, PhD	Marla Berry, PhD and Lucia Seale, PhD
		Effective Lab Management	Mentor-Mentee Relationships	Research Resources and Core Services
		Steve Ward, PhD	Youping Deng, PhD and John Chen, PhD	Peter Hoffmann, PhD
		Communicating Basic and Translational Science	Incorporating Data Science Tools into your Research Statistical Do's and Don'ts for Basic Science Researchers	Grant Mechanisms and Peer Review
Clinical Research Track Zoom Link		Clinical Research Track		
	discussion leaders & topics	Venkataraman Balaraman, MD, Jacob Kowalski, IRB coordinator, and Kari Kim, MPA	Cecilia Shikuma, MD and Scott Souza, PharmD	Aimee Grace, MD
		Regulatory Essentials for the Researcher	Clinical Protocol Development, Randomization	Health Policy Basics for Researchers
			Louie Mar Gangcuangco, MD and Dominic Chow, MD, PhD	
			Conducting Clinical Research at UH: Getting Started & Avoiding Pitfalls	
Community Research Track Zoom Link		Community Research Track		
	discussion leaders & topics	Shobha Srinivasan, PhD	Clifford Bersamira, PhD	Jane Chung-Do, DrPH
		Exploring NIH Funding Opportunities	Understanding Filipino Substance Use through Community and Service Provider Voices	Advancing CBPR through the MALAMA Study: Lessons Learned
			Kathleen Corpuz, MA, MPH	Simone Schmid, PhD
			Streamlining Funding in Academic-Community Partnerships and Building Research Capacity	Paddle for Science: A Community-Driven Idea and Community-Based Execution
