

# Institute for integrative Genome Biology Seminar Series

**You are cordially invited to attend:**

**Erik Andersen**

Professor, Department of Molecular Biosciences  
Northwestern University

**Title: "Sex, Drugs, and *C. elegans*"**

**Date: Friday, September 23, 2022**

**Time: 12:00 pm - 1:00 pm**

**Location: Genomics Auditorium 1102A**

---

Faculty Host: Dr. Niels Groen

Abstract: Using the free-living nematode *Caenorhabditis elegans* and tractable parasitic nematode species, we have uncovered multiple modes of action and mechanisms of resistance for commonly used anthelmintic compounds.
