

ATTEND OUR SEMINAR:

Genomics and Transcriptomics with Highly Accurate Long-Read Sequencing

Thursday, March 16th 2023

10:00 AM – 12:00 PM

Location: Genomics Auditorium 1102A & Lobby

Light Snacks will be Provided

Agenda

10AM:

Discovery is in the Details: Gaining Comprehensive Views of Genomes and Transcriptomes through HiFi, Noëlle Bittner, PhD, PacBio

A genome assembly for Washington navel as a tool to identify somatic mutations in navel oranges, Emmanuel Avila de Dios, PhD, Seymour Lab, UCR

PacBio Services at UC Riverside, Wei Zhang, PhD, Genomics Core, UCR

11AM:

Office Hours in the Lobby with the PacBio Support Team

Speakers

Emmanuel Avila de Dios

Seymour Lab
UC Riverside

Noëlle Bittner

Sequencing Specialist
PacBio
