

# Discover powerfully simple digital PCR

## Join us for a special digital PCR seminar

This seminar will cover the basics of the QuantStudio Absolute Q Digital PCR System with Digital PCR Technical Specialist, Juliana Ramos.

At this seminar, we will walk through the following:

- Basics of digital PCR and the QuantStudio Absolute Q Digital PCR System
- How digital PCR compares to real-time PCR
- The sample prep workflow using the MAP16 plate
- Digital PCR main applications: Gene Expression/RNA Analysis, NGS Library Quantification, Oncology, Genotyping Genetic Variation, Gene Therapy Studies, Viral Titer Analysis, Wastewater Surveillance
- Software overview and data analysis

Juliana Ramos

Register Now

**Location:** University of California Riverside, Genomics Building Auditorium 1102A

**Date:** Thursday, April 18, 2024

**Time:** 1:30 – 2:30 pm

**Snacks, pastries, and drinks provided.**

**Register and attend to be entered into a raffle for DNA Zip Hoodie and other prizes!**

**If you are interested in training on the Absolute Q or have any other questions, please contact your local representative:**
