

Join Us for a DNBSEQ/Stereo-seq Seminar

Hosted by: Genomics Core, Institute for Integrative Genome Biology, UC Riverside

*Learn about the latest high-throughput & low-cost sequencing
and ultra HD, whole transcriptome profiling with single cell resolution*

John Manuel, PA(ASCP)

Director of Business Development, Spatial Genomics

Stereo-seq: a Whole Transcriptome Spatial-omics
technology with true single-cell resolution

Frank Huang, MPH

Senior Sales Manager, Complete Genomics LLC

Complete NGS Solutions for Every Lab

Time & Place

Jan 25, 2024

Thursday 1:00 – 2:00 PM PDT

**Genomics Building Auditorium 1102A &
Lobby, UC Riverside.**
