Timesheet Responsibilities and Expectations

Timesheet Responsibilities and Expectations

- It is the supervisor's responsibility to accurately review and approve employee timesheets by the published payroll deadlines.

Important:

- Where applicable and as required by their contract, ASEs and GSRs will be required to seek prior approval for their Personal Time Off (PTO) and Leave of Absence.
- Once a leave is taken and reported, it cannot be rescinded.
- To prevent employee paycheck inaccuracy and manual adjustments, supervisors should carefully review each of their employees' timesheets before approving.
- If timesheets are not accurately reported by employees, supervisors should either route the timesheet back to the employee (if time allows) or correct the timesheet accordingly, depending on the circumstance.
- In support of organizational excellence and to improve operational effectiveness, timely and accurate review and approval of time records will reduce rework, special handling, and late payments.

Responsibilities

- Supervisors are responsible for reviewing and approving timesheets before the monthly timesheet approval deadlines.
- Supervisors are responsible for rejecting or correcting timesheets with errors and communicate issues to employees.
- Supervisors are responsible for promptly communicating with TAAs about any time-reporting issues & responding to TAA requests.
- Please note, following supervisor approval, the majority of timesheets will route directly to the UCPath System (via the I-181 Interface File) and bypass the TAA Approval Queues. Therefore, it is important that supervisors carefully review leave taken.

Review and Approve Current Timesheets for Direct Reports Continued

- If the timesheet needs to be returned to the employee click on the **red Reject** button on the left side of the screen.
 - When the reject button is selected, the supervisor is going to be prompted with “Return timesheet to employee?”, click OK.
 - The supervisor will then be prompted to enter a comment before timesheet is returned.
 - Supervisor should enter a comment on the comments tab and **save**.
 - Once saved, click the reject button again and the timesheet will be routed back to employee.

The screenshot shows a web-based timesheet approval interface. At the top, it displays the title "September 1, 2023 - September 30, 2023 Timesheet". Below this is a table with columns for Name, Employee ID, Leave Balances, Primary Job, Title, Department, and User Head. The table contains two rows of employee data. Below the table are two buttons: "APPROVE" (green) and "REJECT" (red). To the right of the table are several links: "Save", "Main Menu", "Return Timesheet to Employee", "Submit to Time & Attendance Administrator", and "Back to List".

Below the buttons is a navigation menu with tabs: "OVERVIEW", "TIME REPORTING" (selected), "DETAILED VIEW", "ATTACHMENTS", "COMMENTS", and "APPROVAL HISTORY". The main area is a calendar grid for the month of September. The grid has columns for "Personal Time Off", "Leave Without Pay", and "Leave With Pay". Each row represents a day of the month, with checkboxes for each category. The grid shows that the employee has 8 PTOGR (Personal Time Off) days for the month, and there is a "PH" (Paid Holiday) on Monday, September 4th.

Scenarios

Saving and Submitting Timesheet Overview

- Employees should enter their approved leaves into TARS as they are taken and timesheet should be saved upon entering a leave(s).
 - i.e. If an ASE or GSR takes two days of STL, September 20th and September 21st, the leave should be entered into the timesheet and saved when the employee returns from their leave.
 - This will allow for accurate timesheet reporting.
- Timesheets should only be submitted one time after the earnings period is complete but before the timesheet deadline
 - Timesheets should not be submitted after each time a leave is entered as there can be multiple leaves taken in a month.
 - i.e. If a GSR has two approved PTO dates, one at the beginning of the month and the other at the end of the month, the timesheet should be updated and saved after each approved leave taken, then submitted to Supervisor after the earnings period is over.

Scenario 1 – Personal Time Off (PTO)-GSRs only

- Once in the employee timesheet, when PTO is selected, the timesheet will box next to the date the employee was approved to take PTO
 - In the example below, PTO was approved and taken on Wednesday September 13th and Thursday September 14th and 8 hours of vacation.

Other Timesheet Information

Other Timesheet Information

- ASEs and GSRs could have multiple appointments in different departments.
 - Each supervisor **MUST** approve timesheets for their employees.
 - An unapproved timesheet for an employee who has multiple appointments and is on a leave will prevent the timesheet from going into the Time and Attendance Administrator queue to be reviewed.
- Should there be a missed entry in a previous timesheet that needs to be recorded, please contact your department head with the information needed to be adjusted. They will work with the Shared Service Center make the necessary adjustments.

Contacts

Contacts

- Should you have questions regarding any leaves or eligibility and balances, please contact your department HR/AP representative.
- Should you experience any TARS technical issues, please reach out to Timesheetfeedback@ucr.edu to report any timesheet-related issues or if you have questions.
 - This feedback email account is managed by Payroll Coordination & Analysis in BFS.
