

## OVERVIEW

The Negotiated Salary Program allows eligible ladder-rank faculty (50% or more in-residence) to contribute external funding resources toward their total University of California (UC) salary. The NSP, like the well-established Health Sciences Compensation Plan (HSCP), allows faculty to utilize external fund sources to support a portion of their total compensation. We are now entering year seven of the Negotiated Salary Program (NSP) on our campus.

Please see below the approved procedures of the Negotiated Salary Program:

## IMPORTANT PRINCIPLES

1. Each participating faculty member meets Good Standing Criteria, understands development of Good Standing criteria and process of appeal/reconsideration.
2. Each participating faculty member is required to generate the additional negotiated income.
3. Each participating faculty member maintains teaching and service activities commensurate with rank and department.
4. Additional compensation for a faculty member may not be at the expense of support of graduate students and postdocs. Rather, additional external funding must be obtained to support participation.
