JGI JOINT GENOME INSTITUTE
A DOE OFFICE OF SCIENCE USER FACILITY

VEGA registration ends Nov.4

We're hosting the 5th **Viral EcoGenomics and Applications symposium Nov. 18–19** on the UC Berkeley campus. This symposium represents a unique opportunity for students and researchers in the viral ecogenomics field to exchange ideas with experts as well as with peers from other institutions. Abstracts are due Friday, Oct. 16 to be considered for a short talk.

This year's keynote speakers will be:

Karen Maxwell **Grieg Steward** **Joshua Weitz**

University of Toronto

University of Hawai`i, Manoa

University of Maryland

JGI Annual Meeting update

The next **JGI Annual Meeting** will be held on **March 16–18** at the Oakland Marriott City Center. Keynote speakers will include **Curtis Huttenhower** of the Harvard T. H. Chan School of Public Health and **C.J. Tsai** of the University of Georgia.

You can **register here**, as well as **check our website** for additional updates.

The JGI provides high-throughput DNA sequencing, synthesis and analysis services to the user community in support of the Department of Energy Biological and Environmental

Research program's bioenergy and environmental missions.
