

## Who Are We?

**Student Services Fee Advisory Committee** advises the Chancellor on the allocation of the Student Service Fee here at UCR. We meet once a week to review budgets from Organizations on campus who receive Student Service Fee funding. We discuss which programs on campus should be prioritized for available funding based on perceived student need.

## What Have we funded?

Previous SSFAC committees have recommended funding of programs on campus like the Butterfly Project, Swana Con, and the Summer Bridge Internship Experience. We have also funded student positions at Chicano Student Programs, Foster Youth Services, The Well, and Etc. If your passionate about the allocation of our collective Student Service Fee then please apply!
