

UNLOCK YOUR CAREER POTENTIAL WITH MYIDP

An exclusive 2-session career development workshop for Ph.D. students in STEM fields!

WHAT IS MYIDP?

MyIDP (My Individual Development Plan) is a career assessment tool specifically designed for science and engineering doctoral students. It helps you:

- ✓ Assess your skills, interests, and values.
- ✓ Discover career paths that align with your strengths.
- ✓ Set strategic goals to achieve your career aspirations.
- ✓ Access tools, articles, and resources to stay on track.

WHY ATTEND?

This workshop will empower you to:

- ✓ Explore personalized career paths.
- ✓ Set actionable goals based on your personalized insights.
- ✓ Gain confidence in planning your future in academia, industry, government, nonprofit or entrepreneurship.
