

DATA SCIENCE COURSE DEVELOPMENT MINI-GRANT INFO SESSION

As part of the CA Learning Lab Data Science Challenge, the GLADS-PATH project aims to expose more students to Data Science (DS).

One of our many initiatives is to create interdisciplinary data science courses that will provide DS training for students in other majors. Mini-grant available for full or partial course development (\$2.5 - \$5K stipends).

Please join us to learn about the mini-grant opportunity. **Lunch will be provided.**
