

2024-2025 Seminar Series
**CHARTING THE LANDSCAPE
OF ETHICAL AI**

**‘RESPONSIBLE AI’:
AI FOR – OR AGAINST – SOCIAL
JUSTICE?**

**EMMA RUTTKAMP-
BLOEM**
University of Pretoria

May 16th,
9am-10:30 am

Dr. Ruttkamp will begin with a brief introduction to the notion of intergenerational justice as a driving concept of AI ethics, concentrating on real life applications of its embeddedness in AI ethics in the context of algorithmic colonialism. Dr. Ruttkamp will conclude with an analysis of the value of combining intergenerational justice with notions of design and data justice for realizing social justice objectives as part of reflection on what the notion of ‘responsible AI’ could possibly mean.
