Graphic Medicine as Care for Caregivers

One night only!

Friday, February 23, 2024

6-9 pm

Urge Palette/

Pain Sugar Gallery

3635 9th St,

Riverside, CA 92501

Graphic Medicine is the field of comics about health and care work. It offers more inclusive perspectives on caregiving and being cared for, expanding notions of community health and the ethics of care. Over several weeks, we gathered for workshops to produce artwork and write about our experiences taking care of our community.

Gallery Show and Reception

Come and see the comic art made by caregivers and community leaders in Riverside.
