

The 2026 Gull Summer Term May 17 - June 13, 2026

The Barn House, Chilmark, Martha's Vineyard

Reimagining liberal arts education for a changing planet

Join us to farm sustainably, tend conservation land, read major works of western and Indigenous traditions, ask critical questions about our current moment of social and ecological upheaval, and work with a cross-disciplinary faculty to chart a new approach to liberal arts learning. Our programs are based on the three pillars of labor, academics, and self-governance.

The program, including tuition and room-and-board, is free for all students.
