

Job Aid: Pay for Family Care and Bonding - PFCB

Overview:

UC's Council of Chancellors approved the recommendation for Pay for Family Care and Bonding (PFCB) to take effect July 1, 2021, allowing eligible UC faculty, other academic appointees, and staff to elect to use income replacement calculated at 70% of eligible earnings for up to eight workweeks per calendar year during a qualifying leave under the FMLA and/or CFRA.

To be eligible for PFCB, an employee must be on an approved block Family and Medical Leave taken for one of the qualifying reasons below, and the employee must be taking that leave in a block of a minimum of one workweek or more. Family and Medical Leaves that qualify for the PFCB option are those leaves taken under the FMLA and/or CFRA for parental bonding, to care for a family member with a serious health condition, for Military Caregiver Leave, or for Qualifying Exigency Leave.

New Earn Codes:

Two new earn codes **PFL** (salaried) and **PFN** (hourly) have been created to support funding, tracking and reporting of PFCB usage. The earn codes are linked to Flag **Y** for FMLA, **B** for CFRA or **D** for FMLA/CFRA.

- ◆ Y – FMLA (Valid for all PFCB Leave if **B** and **D** are not available at the location)
- ◆ A – Currently not configured in UCPath for PFCB. Locations should not submit **A** flags.
- ◆ B – CFRA/PFCB
- ◆ D – FMLA/CFRA/PFCB

Note: UCPath will reject **PFL/PFN** earning transactions if there is no flag.

Job Aid: Pay for Family Care and Bonding - PFCB

About PFCB

Under Pay for Family Care and Bonding (PFCB), UC offers eligible employees an income replacement pay option (calculated at 70% of eligible earnings) for up to eight workweeks per calendar year when they are on an approved block Family and Medical Leave taken for one of the qualifying reasons.

Eligible earnings include an employee's base salary payable through the University. (See full definition of "eligible earnings" below for different employee types.)

Employees Covered by PPSM

The [Absence from Work Policy](#) governs FML leaves and has been updated to address PFCB, which can be found in section III.D.2 Pay for Family Care and Bonding (PFCB).

Definition of Eligible Earnings for PPSM- Covered Employees:

Eligible earnings include an employee's base salary payable through the University. Eligible earnings do not include (if applicable): bonuses, perquisites, overtime pay, administrative stipends, shift differentials, uniform allowances, certification pay, specialty pay, emergency response pay, charge differentials, on-call differentials, or any pay that is received in addition to that of the employee's regular appointment, including "by agreement" payments and any other additional cash compensation received that is more than 100 percent of the base salary of the full-time equivalent of the employee's regular position. However, if the employee's only appointment is a "by agreement" appointment, and the employee meets all other PFCB eligibility criteria, those earnings are considered eligible earnings.

Note: For employees with active recurring additional pay, location transactors should stop additional pay prior to the employee going on leave.

Academic Appointees Covered by APM

Definition of Eligible Earnings for APM- Covered Academic Appointees:

Eligible earnings include an appointee's base salary payable through the University. Base salary includes on-scale, off-scale, and above-scale, and X and X-prime (X') components for Health Sciences Compensation Plan (HSCP) participants. Eligible earnings do not include pay that is received in addition to the appointee's regular appointment such as "by agreement" payments, administrative stipends, honoraria, compensation for extension teaching, summer session teaching, any negotiated Y and Z payments for HSCP participants, and any other cash compensation received that exceeds 100% of the base salary of the full-time equivalent of the appointee's eligible appointment(s). However, if the appointee's only appointment is for extension or summer session teaching or is a "by agreement" appointment, and the appointee meets all other PFCB eligibility criteria, those earnings are considered eligible earnings.

Represented Employees:

For represented employees covered by a collective bargaining agreement- Eligible earnings are defined in the applicable side letter for each bargaining unit. If there is no side letter, that bargaining unit opted not to participate in the PFCB program. All collective bargaining agreements and associated PFCB side letters are available on UCNet. <https://ucnet.universityofcalifornia.edu/labor/bargaining-units/index.html>

Job Aid: Pay for Family Care and Bonding - PFCB

Non- Represented Academic Appointees:

The Academic Personnel Manual governs FML leaves. A section is being added to APM – 715 **Leaves of Absence/Family and Medical leave** and APM 760 **Family Accommodations for Childbearing and Childrearing** to address PFCB.

Health Compensation Plans (HSCP):

For participants in the Health Sciences Compensation Plan (HSCP), PFCB interacts with pay options available under the participant's specific School HSCP Implementing Procedures and/or department specific procedures as follows:

- ◆ If an academic appointee is taking a family and medical leave that would qualify for the PFCB option and there is no HSCP pay option available for that leave, the appointee will have the option to use PFCB for that leave.
- ◆ If an academic appointee is taking a family and medical leave that qualifies for the PFCB option and also an HSCP pay option and they would receive more pay with the PFCB option, PFCB will be the option available to the appointee for that leave. If the appointee elects to use that PFCB option for the leave, the appointee's PFCB entitlement would be decremented, and their HSCP entitlement would also be decremented.
- ◆ If an academic appointee is taking a family and medical leave that qualifies for the PFCB option and also an HSCP pay option and they would receive more pay with the HSCP option, HSCP will be the option available to the appointee for that leave. If the appointee elects to use that HSCP option for the leave, the appointee's HSCP entitlement would be decremented, and their PFCB entitlement would also be decremented.
- ◆ If an academic appointee is using an HSCP pay option during an intermittent or reduced schedule family and medical leave that would qualify for PFCB if taken in a block of one workweek or more, the appointee's HSCP entitlement would be decremented, and their PFCB entitlement would also be decremented.

Represented Employees:

The article regarding leaves of absence in the applicable collective bargaining agreement governs FML leaves. See list of unions participating in PFCB. Unions participating in PFCB have signed a side letter that modifies the FML section of that article to address PFCB.

Ineligible Academic Employees:

PFCB is available to employees who do not already have more generous pay options.

The following academic appointees are not eligible to participate in the Pay for Family Care and Bonding pay option because they already have more generous pay options available to them:

- ◆ Academic Student Employees (**BX**) represented by the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (UAW)
- ◆ Postdoctoral Scholars (**PX**) represented by the UAW
- ◆ Interns and Residents represented by CIR-SEIU and the San Diego Association, including UCLA VA Residents who are formally covered by the M4 contract, effective July 1, 2021

Job Aid: Pay for Family Care and Bonding - PFCB

- ◆ Graduate Student Researchers as they are provided more generous paid leave options that are the equivalent to the represented Academic Student Employees

Further details will be provided regarding the PFCB pay option in the Academic Personnel and Programs implementation toolkit.

Use of Pay for Care and Bonding (PFCB)

PFCB may only be used for eligible block Family and Medical Leaves (FMLs) taken under the FMLA and/or CFRA for;

- ◆ Parental bonding (FMLA and/ or CFRA)
- ◆ To care for a family member with a serious health condition. (FMLA and/ or CFRA)
- ◆ Military Caregiver Leave. (FMLA)
- ◆ Qualifying Exigency Leave. (FMLA and/ or CFRA)

Note: PFCB is not an option available during any other type of leave.

- ◆ PFCB implemented July 1, 2021 across all UC locations.
- ◆ PFCB is paid at 70% of employee's eligible earnings.
- ◆ PFCB is available to all eligible policy covered staff and eligible non-represented academic appointees. It is also available to those represented employees whose bargaining unit's exclusive representative has signed a PFCB side letter modifying the applicable collective bargaining agreement.
- ◆ PFCB cannot be used during Supplemental Family and Medical Leave, which is only available to Policy Covered employees.
- ◆ PFCB is not available when an FML leave is taken on reduced schedule basis.
- ◆ PFCB may only be used during a qualifying Family and Medical Leave that is taken in a block of a minimum one workweek or more.
- ◆ PFCB is considered taxable wages.
- ◆ PFCB Absence management accruals will be calculated at 70% they would have earned in their regular and normal appointment.
 - ◆ For Academic Appointees Covered by APM: Because an appointee is paid 70 percent of eligible earnings when receiving PFCB, sick accruals (see APM - 710-18), and vacation accruals (see APM - 730-20-f) are calculated as if the appointee is on pay status for 70 percent of their normal work effort. For accrual of sabbatical leave credit during PFCB, see APM 715-42.
 - ◆ For policy-covered staff employees, per Section III.B.2 of the Absence from Work policy, an employee accrues vacation leave based on type of appointment, years of qualifying service, and hours on pay status. Per Section III.C.2 of the Absence from Work policy, an employee accrues sick leave based on hours on pay status. A full-time career employee on an approved leave without pay accrues full sick leave credits for the month or quadriweekly cycle if the employee is on pay status at least one-half the working hours of the month or quadriweekly cycle.
- ◆ An employee's normal deductions will be taken from PFCB.

Job Aid: Pay for Family Care and Bonding - PFCB

- ◆ If an employee's qualifying Family and Medical Leave ends before an employee has used the full eight workweeks of PFCB, the remaining PFCB is available to use during a qualifying Family and Medical Leave block leave later in the calendar year.
- ◆ If an employee elects to use PFCB for an approved qualifying Family and Medical Leave block leave, they must continue to use PFCB until they either exhaust their full eight workweeks of PFCB for the calendar year, or that qualifying Family and Medical Leave block leave ends.

- ◆ If an employee starts out by using paid leave accruals (vacation, sick, PTO, CTO), for an approved qualifying Family and Medical Leave they can change to PFCB at any point during the leave so long as they comply with all requirements for PFCB.
- ◆ Employees on ERIT will receive 70% of pre ERIT eligible earnings, meaning they would go off ERIT if opting for PFCB and when employee returns from leave, they go back on ERIT.
- ◆ PFCB cannot be used retroactively for any Family and Medical Leave prior to July 1, 2021, but PFCB may be used for a qualifying Family and Medical Leave in progress on or after July 1, 2021.
- ◆ Employees cannot "top off" PFCB with accrued leave or other available pay options in order to receive 100% of salary. (For example, when an employee is receiving PFCB, the employee cannot use paid leave accruals (vacation, sick leave, PTO, CTO) or any other type of paid leave at the same time.)
- ◆ For an employee holding an appointment with a definite end date, Family and Medical Leave may not be approved beyond the end date of the appointment; therefore, the PFCB option is not available beyond the end date of that appointment.
- ◆ UCRP members and UC Defined Contribution Plan Savings Choice participants using PFCB will receive 70% of the Retirement Service Credit they would have earned in their regular and normal appointment or normal work effort for APM-covered academic appointees.
- ◆ Health and welfare benefits deductions will be taken from PFCB in accordance with the employee's benefit elections. Receiving PFCB does not, in itself, affect benefits status or eligibility. However, benefits regulations affecting return to pay status after a leave without pay will apply if an employee returns to pay status by receiving PFCB.

The leave request is submitted for approval and appears at the top of the **Extended Absence Summary** section.

The screenshot shows the UCPath interface for managing leave. The top section is the 'Extended Absence Summary' for employee UC Office of President, PAYROLL ANL 2. It displays FMLA/CFRA/PDLL balances and a table of transactions. A callout points to the 'Submitted' status in the 'Workflow Status' column of the 'Administer Extended Absence' table. Below this, a 'UC UCOP AM Extended Stage' window shows a 'Pending' status with 'Multiple Approvers' including 'UC AWE Approver 02'.

Submitted leaves appear in **Extended Absence Summary**

Workflow Status of submitted leave.

Submitted leave in **Pending** status routed for local approval **UC AWE Approver02**

Extended Absence transactions route to Local AWE (Approval Workflow Engine) **UC AWE Approver02**, once approved locally, the transaction request routes to UCPATH **UC AWE Approver03** for entry into employee **Job Data** and final approval in **Administer Extended Absence**. Workflow Status updates to **Apprvl Prc**.

Editing Existing Leave Dates

If the leave of absence needs to be edited or the employee needs to be returned from leave edit the existing dates.

Once employee Returns from Leave, edit the existing Approved **Extended Absence Request** to enter the **Actual Return Date**. AWE is triggered when leave transaction is edited and transaction will need to be Approved by location AWE prior to routing to UCPATH.

Extended Absence transactions routes to Local AWE (Approval Workflow Engine) **Approver02**, once Approved locally, the transaction request routes to UCPATH (Approver03) for entry into employee Job Data and final Approval in Administer Extended Absence, Workflow Status updates to **Apprvl Prc**.

Once a transaction is Approved by UCPATH (Approver03), **Workflow Status** updated to **Approved**.

Once employee is Returned from Leave, the JED is removed from the Return from Leave row and employee returns to Active pay status.

Dates (**Start Date**, **Expected Return Date**, **Actual Return Date** and **Last Date Worked**) for an approved existing leave can be edited and the changes would trigger AWE workflow. The leave request needs to be in approved status. For example, if approved leave has an **Expected Return Date** that changes from **7/30/2021** for employee returning to work on **8/2/2021**, locations can edit the **Expected Return Date** and **Actual Return Date** to reflect **8/2/2021**.

HSCP Scenario

- ◆ Academic Personnel and Programs will be issuing a PFCB guidance document that will address the coordination of HSCP pay options with PFCB that will include additional scenarios illustrating this coordination.

Professor Smith is an HCOMP faculty member who is taking seven weeks to care for the appointee's parent with a serious health condition. The department's comp plan provides for one week of caregiver leave. Professor Smith uses one week of caregiver leave afforded under the comp plan providing income replacement at x and x', that runs concurrently with FML. Professor Smith then applies six weeks of PFCB, providing income replacement calculated at 70% eligible earnings, to weeks two through seven of the appointee's FML.

- ◆ Week 1: FML under FMLA and CFRA. Applies pay option provided under school HSCP.
- ◆ Week 2- 7: FML under FMLA and CFRA. Applies PFCB pay option.

The screenshot displays the UCPath interface for requesting an extended absence. It includes sections for 'Request Extended Absence', 'FMLA/CFRA Eligibility', 'FMLA/CFRA/PDLL Balances & Takes', 'Extended Absence Summary', and 'New Extended Absence Request'.
